Did anyone else cry at the end? I admit that it got to me. I love Neil Gaiman's books.

Adding Digital Content to Destiny

The screenshot shows the Destiny library catalog interface. At the top, there's a navigation bar with links like Home, Catalog, Circulation, Reports, Back Office, and My Info. Below this is a green banner with the text "Library Search > Search Results > 'The graveyard book'".

The main content area displays the record for "The graveyard book" by Neil Gaiman, with illustrations by Dave McKean. The record includes a book cover image, the title, author, and a brief description: "The orphan Bod, short for Nobody, is taken in by the inhabitants of a graveyard as a child of eighteen months and raised lovingly and carefully to the age of eighteen years by the community of ghosts and otherworldly creatures." It also shows availability information: "1 of 1 copy is available locally. 3 of 4 copies are available off-site. See all..."

On the right side of the record, there's a sidebar with various actions: Edit Title, Duplicate It, Delete Title, Add Copies, Wish List, Recommend, Edit Quiz Info, Site Subjects, Digital, and Hold It! A red arrow points to the "Digital" button.

Below the record, there's a "Selected List" section with a dropdown menu set to "brief records" and a green checkmark icon next to the text "Add to this List".

At the bottom, there's an "Explore!" section with links to "Death -- Fiction", "Supernatural -- Fiction", "Cemeteries -- Fiction", "Titles by: Gaiman, Neil", "Titles by: McKean, Dave, ill.", and "Graveyard Book Book Trailer".

Below the "Explore!" section, there's a "Publication Info" section with details about the book's publication: "Published New York : HarperCollins, c2008. Edition 1st ed. Format 312 p. : ill. ; 22 cm. LCCN 2008-13860 ISBN 0-06-053092-8".

Finally, there's an "Additional Info" section with links to "School Library Journal, October 2008", "Booklist starred, September 2008", and "Horn Book Starred, November 2008".
